York University

Official Document Cover Page

York University official documents are issued directly through MyCreds™ which is owned by the Association of Registrars of the Universities and Colleges of Canada (ARUCC) and powered by Digitary, a trusted international verified digital credential platform. MyCreds™ ensures document authenticity. When transcripts, credentials, and any other documents are issued through MyCreds™, they are verifiable, secure, and include a cryptographic signature.

If you have received notification of this document and a link to access it through MyCreds™, you are viewing a certified official document that you can trust. A document routed to you as an attachment from an individual personal email is not official and may not reflect the most recent version.

When viewed in PDF format in Adobe 9.0 or later, this document has a number of security features described below. These security features do not apply to a printed copy. This document is shared as a single-use transaction between the learner and the recipient and downloads are for record-keeping purposes only. Forwarding or reproducing this document will render the document not valid.

SECURITY INFORMATION

To verify the authenticity of the digital document, make sure you are accessing it online via a link to the document on MyCreds™. The link will start with https://learner.mycreds.ca.

When viewed in PDF format in Adobe Reader 9.0 (or later), the digital signature of the document should be interpreted as follows:

The blue-ribbon symbol signifies that the contents of the document have not been altered after it was downloaded. It does not signify its currency (it may have been revoked or replaced by the institution or organization with a more up-to-date document). If the document does not display a valid certification and signature message, reject this document immediately.

This symbol with a red cross signifies that the issued document is invalid. An invalid digital certificate display means either the digital signature is not authentic, or the document has been altered. A document with an invalid digital signature display should be rejected.

This symbol signifies that the Author is Unknown. Author Unknown can have two possible meanings: The document is a self-signed document or has been issued by an unknown or untrusted authority and, therefore, has not been trusted. If you receive this message, make sure you are properly connected to the internet. If you have a connection and you still cannot validate the digital signature online, reject this document.

This symbol indicates that Adobe needs to validate the signatures. You will need to follow the instructions to validate the signature. Should the signature validate successfully, you will be presented with the blue-ribbon symbol above. If it cannot validate the signature, the red cross will be presented.

This document is available for viewing until the expiry date set by the Learner. If your access has expired, you will need to contact the Learner to request a new share of the document. MyCreds™ cannot reissue documents.

A transcript is an official record of the student's academic history at York University. A transcript is a comprehensive summary of course enrolment, grades, and academic status and decisions at the University.

For more details about York University's grading scales, academic standing and continuance policies, please refer to the institutional legend.

Université York

Page de couverture pour les documents officiels

Les documents officiels de l'Université York sont délivrés directement par MesCertif[MC], le réseau de l'Association des registraires des universités et collèges du Canada (ARUCC), alimenté par Digitary, plateforme internationale de vérification de documents d'études numériques. MesCertif[MC] garantit l'authenticité du document. Lorsque des relevés de notes, des documents d'études et tout autre document sont délivrés par l'entremise de MesCertif[MC], ils sont vérifiés, sécurisés et comportent une signature cryptographique.

Quand vous recevez une notification de MesCertif[MC] comportant un lien pour accéder à un document, vous avez accès à un document officiel certifié et fiable. En revanche, un document transmis en pièce jointe à partir d'un courriel personnel n'est pas officiel et risque de ne pas être la version la plus récente.

Lorsque vous le visionnez en format PDF avec Adobe 9.0 (ou une version ultérieure), ce document présente un certain nombre de caractéristiques de sécurité décrites ci-dessous. Ces dispositifs de sécurité ne s'appliquent pas à une copie imprimée. Le document peut seulement être partagé entre l'étudiant et le destinataire et les téléchargements sont uniquement à des fins d'archivage. La transmission ou la reproduction de ce document l'invalideront.

RENSEIGNEMENTS RELATIFS À LA SÉCURITÉ

Pour vérifier l'authenticité de ce document numérique, assurez-vous d'y accéder en ligne sur MesCertif[MC] en utilisant le lien du document qui commence par https://learner.mycreds.ca.

Quand vous visionnez le document en format PDF avec Adobe Reader 9.0 (ou une version ultérieure), la signature numérique du document doit être interprétée de la façon suivante :

Le symbole du ruban bleu signifie que le contenu des documents n'a pas été modifié après le téléchargement. Il ne garantit pas que le document est à jour (l'établissement ou l'organisation l'ayant délivré peut l'avoir révoqué ou remplacé par un document plus à jour). Si le document ne comporte pas une certification et une signature numérique valides, rejetez-le immédiatement.

La croix rouge signifie que le document délivré est invalide. Un certificat numérique invalide signifie que la signature numérique n'est pas authentique ou que le document a été modifié. Tout document comportant une signature numérique invalide doit être rejeté.

Ce symbole signifie que l'auteur est inconnu. Un auteur inconnu peut indiquer deux choses : soit le document est autosigné, soit il a été délivré par une autorité inconnue ou non sécurisée et par conséquent, il n'est pas fiable. Si vous recevez ce message, vérifiez d'abord votre connexion Internet. Si votre connexion est bonne, mais vous ne parvenez pas à valider la signature numérique en ligne, rejetez ce document.

Ce symbole indique qu'Adobe a besoin de valider les signatures. Veuillez suivre les instructions pour valider la signature. Si vous parvenez à valider la signature, le ruban bleu s'affichera. Si vous ne pouvez pas valider la signature, la croix rouge s'affichera.

Ce document est disponible pour consultation jusqu'à la date d'expiration fixée par l'étudiant ou étudiante. Si votre accès a expiré, veuillez contacter l'étudiant pour demander un nouveau partage du document. MesCertif[MC] ne peut pas délivrer à nouveau les documents.

Un relevé de notes est un document officiel qui récapitule le parcours d'un étudiant au sein de l'Université York. Un relevé de notes est un résumé complet des inscriptions, des notes obtenues, du statut universitaire et des décisions de l'Université York.

Pour en savoir plus sur l'échelle de notes de l'Université York, le statut universitaire et les politiques relatives à la poursuite des études, veuillez consulter cette page Web.

Pour plus d'information au sujet des documents électroniques, veuillez consulter la FAQ pour les vérificateurs (employeurs, institutions, sécurité et validité juridique, vérification des documents) sur le site Web de MesCertif[MC] à l'adresse suivante : https://mescertif.ca/verificateurs/#verifier-faq

York University Transcript Legend

Under the statutes of the province of Ontario, Canada, York University was established as an accredited, degree-granting postsecondary institution and is a full member of the Association of Universities and Colleges of Canada.

Undergraduate[1]

Grading Scheme

A+	9	Exceptional
A	8	Excellent
B+	7	Very Good
B	6	Good
C+	5	Competent
C	4	Fairly Competent
D+	3	Passing
D	2	Barely Passing
E	1	Marginally Failing
F	0	Failing
W	–	Withdrew From Course

Grade Qualifiers

P	Pass
CR	Credit
HC	Honours Credit
NC	No Credit
AEG	Aegrotat (Pass)
DEF	Deferred Standing
DNW	Did Not Write
INC	Incomplete
NGR	No Grade Reported
NCR	No Credit Retained
OTC	Other Credit
RLF	Course Relief

Osgoode Hall Law School

A+	9	Excellent
A	8	
B+	7	Good
B	6	
C+	5	Acceptable
C	4	
D+	3	Marginal
D	2	
F	0	Fail
AL	0	Allowed

Grading systems are defined in the Faculty-specific section of the York University Undergraduate Calendar which is published online at registrar.yorku.ca/calendars

Credit Weight

Half courses (3.0 credits) normally meet at least three hours weekly during the 12 weeks in either the fall or winter term, except for Osgoode Hall Law School which normally meets for 14 weeks of instruction plus an examination period. Summer and winter/summer session courses have equivalent total hour workloads but are concentrated into a shorter period of time.

As of the 1997-1998 academic year, York's course numbering system changed from .0 preceding the credit weight to following the credit weight (i.e. .03 to 3.0).

Class Size / Class Average

Class size indicates the number of students registered in a class. Class average is based upon the grades, including failures, received by all students taking the class on a graded basis and is determined as follows:

Grade Point Average	Letter Grade
8.5 - 9.0	A+
7.5 - 8.4	A
6.5 - 7.4	B+
5.5 - 6.4	B
4.5 - 5.4	C+
3.5 - 4.4	C
2.5 - 3.4	D+
1.5 - 2.4	D
1.0 - 1.4	E
0.0 - 0.9	F

Academic Sessions

Fall/Winter	September to April
Winter/Summer	February to June (effective until 1992)
Summer	May to August (not offered by Osgoode Hall Law School)

Graduate

Faculty of Graduate Studies and Osgoode Hall Law School

A+	Exceptional
A	Excellent *
A-	High
B+	Highly Satisfactory
B	Satisfactory
C	Conditional
F	Failure
I	Incomplete
AU	Audit
EX	Exempt from course
P	Pass
W	Withdrew from course

* High - effective from 1981 to April 1988.

Schulich School of Business *

A+	9	
A	8	Excellent
A-	7
